Alan,
I've attached my updated comments and reference lists. The only changes since I sent them out earlier are the addition of the state comments and references. I didn't quite finish filling in all the columns on the spread sheet yet, but I'm close. I also haven't added the comments into the summary that I sent out earlier. Are we treating the state comments differently in the response to comments?

I will be on the call today.

Roberta

Thanks.

Attached is draft Ag "Summary of Comments" document that we will be adding to. NOAA staff who are working with us on this project, developed this as the foundation for us to work from. We will talk about this tomorrow.

I am still waiting to hear from Roberta about moving the call back 30 minutes. If we do move this back 30 minutes, I will have to get a new conference line. Does anyone else have access to a conference line? If so, can you reserve it from 11:30 to 2:30 Pacific time?

Let me know if you have any questions.

Alan
